Independent auditor's report

To the Members of the Board of Directors of the Centre for International Studies and Cooperation

We have audited the accompanying financial statements of the Centre for International Studies and Cooperation (the "Centre"), which comprise the statement of financial position as at March 31, 2014, and the statements of operations, changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Centre as at March 31, 2014, and the results of its operations and its cash flows for the year then ended, in accordance with Canadian accounting standards for not-for-profit organizations.

Transactions during the year in "Cash in trust", "Term deposit in trust" and "Loans and interest receivable" are not disclosed in the statement of cash flows because the aggregate amount available in foreign currency is always the same. The change in the balance of the endowment represents the foreign exchange gain or loss of the amount available in Canadian dollars.

Notes to the financial statements

March 31, 2014

1. Description of the organization

The Centre for International Studies and Cooperation (the "Centre") is incorporated under Part III of the Companies Act of the province of Quebec.

In developing countries, the Centre takes part in activities to promote economic, social and cultural development. It does so through training, by sending volunteers and technical assistants to these areas and by undertaking projects, conducting research and publishing specialized works.

2. Accounting policies

The financial statements have been prepared in accordance with Canadian accounting standards for not-for-profit organizations ("ASNPO") and reflect the following significant accounting policies:

Financial instruments

Financial assets and financial liabilities are initially recognized at fair value when the Centre becomes a party to the contractual provisions of the financial instrument. Subsequently, all financial instruments are measured at amortized cost.

Transaction costs are added to the carrying value of the asset or netted against the carrying value of the liability and are then recognized over the expected life of the instrument using the straight-line method. Any premium or discount related to an instrument measured at amortized cost is amortized over the expected life of the item using the straight-line method and recognized in the statement of operations as interest income or expense.

With respect to financial assets measured at amortized cost, the Centre recognizes in the statement of operations an impairment loss, if any, when it determines that a significant adverse change has occurred during the period in the expected timing or amount of future cash flows. When the extent of impairment of a previously written-down asset decreases and the decrease can be related to an event occurring after the impairment was recognized, the previously recognized impairment loss shall be reversed in the statement of operations in the period the reversal occurs.

Revenue recognition

The Centre follows the deferral method of accounting for contributions. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Endowment contributions are recognized as direct increases in net assets.

Contributions in kind (in the form of services rendered) are recorded at their estimated fair value and are reflected in the statement of operations because they are utilized for humanitarian purposes to the beneficiaries who are the end users or are part of the programs.

Foreign transaction recognition

The Centre accounts for expenses using the following accounting practices:

- a) Capital expenditures incurred for overseas activities are charged as operating expenses, with the exception of the capital expenditures of regional offices, which are capitalized;
- b) Most of the gains and losses resulting from exchange rate fluctuations are charged to the programs in which they are realized.

2. Accounting policies (continued)

Capital assets - tangible and intangible

Capital assets are accounted for at cost and amortized according to their estimated useful lives using the straight-line amortization method based on the following terms and rates:

Buildings	2.5%
Furniture and equipment	20%
Computer equipment	25%
Automotive equipment	20%
Leasehold improvements	Lease term
Software	25%

Foreign currency translation

Monetary assets and liabilities are translated into Canadian dollars at the exchange rates in effect at year-end, whereas non-monetary assets and liabilities are translated at historical rates. The fair values are translated into Canadian dollars at the exchange rates in effect at year-end. Revenue and expenses are translated at average rates prevailing during the year. Resulting gains and losses are reflected in the statement of operations.

Investment in joint ventures

The Centre has elected to record its investments in joint ventures using the equity method.

Use of estimates

The preparation of financial statements in conformity with Canadian accounting standards for not-for-profit organizations requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities, as well as disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Key components of the financial statements requiring management to make estimates include the estimated useful lives of capital assets, allowance for doubtful accounts and accrued liabilities. Actual results could differ from these estimates.

3. Interest in joint ventures

The Centre participates in international assistance projects by forming joint ventures. These consortium projects generated revenue of \$9,577,225 (\$12,456,675 in 2013) and expenses of \$7,965,400 (\$10,750,011 in 2013). The percentage of the Centre's interest in management revenue typically ranges from 30% to 60%.

The Centre's financial statements include the following amounts attributable to joint ventures:

*	2014	2013
	\$	\$
Assets	4,532,551	3,854,756
Accounts payable and accrued liabilities	757,387	611,696

9. Pension plan

The Centre contributes to defined contribution pension plans by matching employee contributions. The contribution limit from the Centre is 5% of gross salaries. Contributions paid and expensed for the year totalled \$237,595 (\$244,800 in 2013). This amount is reported in the statement of operations.

10. Deferred contributions related to capital assets

Deferred contributions related to capital assets represent contributions received to acquire capital assets. They are amortized using the same methods and rates as the related capital assets. Changes for the year are as follows:

	2014	2013
	\$	\$
Balance, beginning of year	92,488	92,709
Amortization for the year	3,176	221
Balance, end of year	89,312	92,488

11. Net assets restricted for endowment purposes

Net assets restricted for endowment purposes are as follows:

- An amount of \$4,305 is subject to external restrictions requiring that any resources be maintained permanently in the Fonds Pelletier. The related investment income is used to finance projects aimed at education and training for women and girls;
- An amount of \$4,080 is subject to external restrictions requiring that any resources be maintained permanently in the Fonds Jean Bouchard. The related investment income is used to finance projects aimed at basic human needs;
- c) An amount of \$639,822 (\$556,091 in 2013) is subject to external restrictions under which resources can be used to make loans. Loan recipients are local rural Guatemalan organizations and associations. Loans enable them to finance the purchase of equipment and agricultural products. As per the recommendations of the Credit Committee of the trust, the Centre could also support financing of new initiatives. The assets related to these amounts restricted for endowment purposes are presented in the statement of financial position under long-term assets.

12. Contributed services by volunteers

Contributed services represent the value of services rendered by participants to volunteer cooperation programs.

The contribution for services is calculated at a predetermined rate according to the agreement signed with DFATD for Uniterra. The amount specified in the agreement amounts to \$200/day/person.

The contributions in the form of services rendered by the Board of Directors have not been reflected in this data.

13. Expenses

Expenses include foreign exchange gains (losses) included under the following lines in the statement of operations:

	2014	2013
	\$	\$
Programs	(56,027)	51,060
Administration	376,830	42,100
	320,803	93,160

14. Changes in non-cash operating working capital items

	2014	2013
	\$	\$
Accounts receivable	649,069	12,542
Advances to partners	295,833	1,140,111
Prepaid expenses	48,759	28,014
Accounts payable and accrued liabilities	(826,325)	73,871
Government remittances	(45,225)	(60,231)
Deferred contributions	(1,367,977)	1,454,310
	(1,245,866)	2,648,617

15. Commitments

The Centre has commitments under renewable, non-cancellable leases for equipment, which expire through November 2019. The total amount of these commitments is \$104,975 and is repayable as follows:

	\$
2015	21,227
2016	19,076
2017	19,073
2018	17,319
2019 and thereafter	28.280

16. Contingencies

The Centre has signed partnership agreements with other organizations for the purpose of carrying out projects. Under these agreements, the Centre is jointly and severally liable with the other organizations to its funding organizations. As at March 31, 2014, the signed agreements totalled approximately \$56,217,330 (\$50,829,308 as at March 31, 2013) and expire through October 2017 (October 2016 in 2013). Management is nonetheless of the opinion that there is no significant risk, as all partnerships for projects are subject to a contract between the organizations, and these contracts clearly specify the respective financial liabilities of the partners.

17. Financial instruments

Currency risk

The Centre carries out transactions in foreign currencies and is, therefore, exposed to foreign exchange fluctuations. The Centre does not fully manage this risk. Most of the exchange gains and losses are included in program costs.

17. Financial instruments (continued)

Interest rate risk

The Centre is exposed to interest rate risk in relation to its fixed rate and variable rate financial instruments. The fixed rate instruments expose the Centre to fair value risk and the variable rate instruments to cash flow risk. The Centre is exposed to this type of risk on its investments in term deposits and on the long-term debt.

Credit risk

The Centre makes advances to partners in the normal course of its operations. It conducts regular assessments of credit toward its partners and maintains provisions for potential losses on loans, if necessary.

Liquidity risk

Liquidity risk is the risk the Centre will be unable to meet its financial obligations as they become due. The Centre monitors its cash balances and cash flows generated from operations to meet its obligations. As at March 31, 2014, the Centre's main financial liabilities are accounts payable and accrued liabilities, and long-term debt.

18. Comparative figures

Certain comparative figures have been reclassified to conform to the current year's presentation.
